

War in Ukraine – Impact on C&K activities

March 3rd 2022

We are all aware of the critical situation in Ukraine. We all hope that this war will stop soon and that the situation will return to normal.

Regarding our activities, we can confirm that:

- *C&K does not have any facilities in Ukraine, Russia or Belarus;*
- *C&K does not have any suppliers in these three countries;*
- *We have not identified any direct or indirect impact on our supply chain due to this critical situation*

We will update you in case some unforeseen event may impact our deliveries or our supply chain.

Our teams remain fully available in case you have any specific questions.

A handwritten signature in black ink, appearing to read 'Brickenkamp', written in a cursive style.

Lars BRICKENKAMP
Chief Executive Officer
C&K
