Schaffhausen, March 3rd, 2022

Dear Madam or Sir,

TE Connectivity is closely monitoring the conflict in Ukraine, and we have activated our business continuity and risk management plans to help assess any impact this conflict might have on our customers.

Given that the situation is changing rapidly and governmental policies across the EU and United States are evolving hourly, we are pausing all deliveries to end customers in Russia, Belarus as well as the area of Donezk and Luhansk, and we are instructing you to pause all deliveries of TE products to end customers in Russia, Belarus as well as the areas of Donezk and Luhansk. We will continue to monitor and evaluate the rapidly changing situation and will keep you updated if there are any significant changes.

In case of any questions, please liaise with your TE sales or customer service representatives.

We thank you for your understanding.

Yours sincerely,
